

### INTRODUCING THE MAGIC FILM LOCATION ROUDNICE CASTLE

ROUDNICE NAD LABEM

#### INTRODUCING Roudnice Castle

Roudnice Castle, which historically served as the princely and Ducal seat of the Lobkowicz family, is perched above the Elbe River in the heart of the historic town of Roudnice nad Labem, approximately 50 km north of Prague.

Our most popular location for films, this grand Baroque castle with over 200 rooms offers ample space and versatility. From the Romanesque castle, cellars of the castle winery to intricate parquet floors to the 17th-century chapel boasting magnificent frescoes, this historic setting offers a variety of unique architectural features.

Throughout the 20th-century periods of confiscation under the Nazi and Communist regimes, the building was used as a Nazi training school and a military music school, respectively.

To learn more about the Castle and its history, visit our website.

#### TRAVEL TIMES

50 km from Prague (4,3 km from the highway)

45 minutes - car, van

75 minutes - trucks
